**SENATE SET IT ASIDE**

**Cleveland's Order Establishing Forest Reservations Revoked.**

**SUNDRY APPROPRIATION BILL**

House Adopts a Rule to Meet Only on Mondays and Thursdays—W. J. Calhoun Consults With the President on the Ruiz Case—Resolution Introduced in the House to Annex Hawaii.

WASHINGTON, May 7.—The senate yesterday agreed to an amendment to the sundry civil bill, revoking the order of President Cleveland, made on Feb. 22, last, establishing forest reservations aggregating 17,000,000 acres. The debate brought out much criticism of Mr. Cleveland's order, Senators Pettigrew, Wilson, Turner, Rawlins and White speaking against it. Mr. Gray of Delaware defended the course of the president, pointing out that it was the result of an inquiry authorized by congress and conducted by the National academy of science.

Mr. Allison endeavored to have the amendment restricted so as to leave the question of revocation to the president, but he was defeated on a yeas and nays vote—14 to 32. Mr. Gorman made a point of order against the amendment, but this, being submitted to the senate, was defeated—23 to 25. The amendment was then agreed to without division.

Another amendment agreed to provides for a continuance of the investigation of the condition of the fur seals in Bering sea.

The sundry civil bill was passed late in the day. It carries an aggregate of \$53,000,000.

During the day Mr. Bacon of Georgia introduced a joint resolution deprecating war and announcing the policy of the government in favor of arbitration. The resolution was referred to the committee on foreign relations.

**HOUSE PROCEEDINGS.**

The Republicans of the house followed up their recent endorsement of Speaker Reed's policy of postponing the appointment of committees by establishing the policy of bi-weekly meetings through the adoption of a resolution reported by the committee on rules providing that the house shall meet on Mondays and Thursdays until further action. On this resolution the Democrats and Populists were solidly arrayed against the Republicans, and it was adopted by a vote of 101 to 83, after a partisan debate. The opposition led by Mr. Bailey of Texas was based on the ground that the programme would prevent consideration of the bankruptcy bill.

**TO ANNE HAWAII.**

Resolution Introduced in the House Looking to That End.

WASHINGTON, May 7.—Representative King, Democrat, of Utah, yesterday introduced a resolution for the annexation of Hawaii. The resolution declares that citizens of the United States, some of whom reside in the islands, have extensive financial interests there; that many of the citizens were formerly citizens of the United States and by the ties of affinity and consanguinity are indissolubly bound to this government; that the rights and liberties of the Hawaiian people are guaranteed by its constitution, but that the perpetuity of the republic is not assured by reason of efforts to secure European control or Asiatic domination. The resolution declares that the territory may be received into the Union whenever the government of Hawaii shall cede it to the United States, the president of the United States to receive it by proclamation and congress to make laws for its government. It is provided that the laws of the United States for the exclusion of the Chinese shall apply to the island's and no Chinese there shall be permitted to enter the United States. The appointment of a commission of three by the president to act with a like commission of the Hawaiian government is provided for.

**CALHOUN CALLS ON THE PRESIDENT.**

WASHINGTON, May 7.—W. J. Calhoun of Illinois, who has been selected by the president to go to Cuba in the Ruiz case, had a consultation with the president yesterday. He is awaiting the arrival of Judge Day, the new assistant secretary of state, who made an exhaustive study of the case before leaving for Havana. If Judge Day arrives in time for him to secure the necessary information Mr. Calhoun will leave for Havana via Tampa, Fla., tomorrow. His mission will be confined strictly to the Ruiz case.

**ASSISTANT ATTORNEY GENERAL.**

WASHINGTON, May 7.—James N. Ty-

ner, formerly of Indiana, has been appointed assistant attorney general for the postoffice department. He is recognized as a most fitting selection for the post, but a majority of the Indiana delegation in congress object strenuously to his being charged to that state.

**CONGRESS OF AMERICAN PHYSICIANS.**

WASHINGTON, May 7.—The fourth triennial congress of American physicians and surgeons adjourned yesterday. They decided that future congresses will be held in this city.

**MRS. MARY FORMAN.**

NASHVILLE, Ill., May 7.—The funeral of Mrs. Mary Forman, aged 75, took place yesterday. Mrs. Forman was born in Natchez, Miss., and came to Illinois in 1871. She was the mother of 11 children, four of whom are living. They are ex-congressman and present United States Internal Revenue Commissioner William S. Forman of East St. Louis; National Bank Examiner Ham Forman of Kansas City, and Zenas and C. M. Forman of this city.

**WILL GO INTO CAMP.**

**TERRIBLE FIRE.**

Fifty or More Men Disabled—Burning of a Cold Storage House.

NEW YORK, May 7.—Fifty or more men disabled and one dead was the record of the New York fire department at a fierce fire in Chambers street last night. The fire was in the large cold storage warehouse of the Merchants Refrigerating company, and it was the fumes of ammonia and the heaviest of smoke that struck down firemen almost by the dozen. The call for ambulances was as rapid as the call for engines. A score of doctors and nurses were summoned to do duty in saving the lives of the men risked so bravely.

The dead fireman is John Reinhardt of engine company No. 6. Those overcome, some of whom are in a serious condition, include members of a dozen companies that were called out as reserves, when Chief Bonner found he was losing his men on every hand.

The fire was an unusually fierce one and is estimated to have done damage to the extent of at least \$500,000.

**ARBITRATION TREATY.**

Comments of the English Press on Its Rejection by the Senate.

LONDON, May 7.—The Pall Mall Gazette says of the rejection of the arbitration treaty by the United States senate: "In its amended form the treaty was not worth preserving, but the principle, like the soul of John Brown, goes marching on. President McKinley backs it and his advocacy is worth having."

The Globe says: "The heavenborn measure was too advanced even for the most go-ahead nation of the world. The bearing sea arbitration ought to have taken our statesman that the American government cannot be trusted to carry out its obligations in a matter of this sort. It has been a hopelessly one-sided ram for this country. However, we do not fear that the ignominious end will harm in any way the present friendly relations between the two countries."

The Westminster Gazette says: "The rejection of the treaty is sufficiently deplorable, but instead of venting wrath upon the senators it would seem more profitable to ask whether the European statesmen have not for several months been furnishing the best grounds for belief that arbitration is useless or premature."

**MEXICAN EDITORS ARRESTED.**

Spanish Minister Complains That They Have Insulted Spain.

CITY OF MEXICO, May 7.—A sensational arrest was made yesterday of the editorial staff of the paper called El Continente Americano, which is the organ of the Mexican sympathizers with the Cuban insurgents, at the instigation of Duke de Arcos, Spanish minister, who complains that the paper has insulted a friendly nation. The editors are young Mexican students, and popular sympathy is with them. The arrest is causing much comment, but it could not be helped, as the Spanish minister presented formal complaint and, under the law, action had to be taken, but the outcome is watched with great interest. There will be no trouble in securing the ablest legal talent to defend the young editors.

**PAY SHUT OFF.**

City Auditor of Cleveland Stops the Salaries of Police Court Officers.

CLEVELAND, O., May 7.—The city auditor has shut off all payment of police court officials' salaries. About a year ago the police court, running short of funds, induced Director Abbott to loan it \$2,000 from the police contingent fund. Since that time Abbott has been unable to collect the debt. The matter was taken to Auditor Rossiter, who in person demanded payment of the debt. He was refused and he informed the police court officials that their salaries would be stopped until the debt is paid in full. The officials under the auditor's ban include Judge Fiedler, Prosecutor Kennedy, Assistant Prosecutor Schindler, Assistant Prosecutor Brinsmade, Clerk Honecker and seven others. They have no recourse except to seize the money in some way.

**BOARD OF FOREIGN MISSIONS.**

NASHVILLE, Tenn., May 7.—The fifty-first annual session of the board of foreign missions, M. E. church, south, met yesterday. The secretaries reported collections for foreign missions, \$221,896; domestic missions, \$133,947; women's foreign mission board, \$81,916; women's home mission board, \$18,000; total \$455,800.

**GREEKS FALL BACK**

Crown Prince's Army Retreats to Domokos From Velestino.

**MASSING OF TURKISH TROOPS**

Pharsalos Captured by the Enemy After a Stubborn Resistance—Edhem Pasha Wires the Sultan of His Success—Greeks Gave Out of Ammunition at Philippia and They Lost the Day.

ATHENS, May 7.—Austria and Germany have joined the other powers in proposing mediation between Greece and Turkey. General Smolenski is retreating slowly and in orderly fashion to Almyro, and Volo has been almost completely evacuated.

The forces under Prince Constantine reached Domokos, in his retreat from Velestino, unmolested, and were not attacked yesterday. It appears that the great massing of Turkish troops and their movements led to a suspicion that an attempt was being projected to surround Pharsalos. A council of war was held in the Greek camp, and it was decided to retire to Domokos, which was reached yesterday at dawn. The Greeks promptly occupied strong positions on the mountain range overlooking Domokos. During Wednesday night the Turks continued to execute movements with a view of outflanking Pharsalos, and only discovered at daybreak that the Greek army had retired.

The retreat began early yesterday morning and the occupation of the new position at Domokos was finished by 10 o'clock. The Greeks buried their dead and conveyed 88 wounded, including five officers, to Lamia.

General S. Jolenski wired to Athens for instructions, and the government advised him to retreat. He remained at Velestino all night and was attacked by the Turks at 6 the next morning. Hard fighting continued until late in the afternoon, when the fire ceased and General Smolenski retired to Almyros, where he took up new positions.

**PHARSALOS.**

Greeks Made a Strong Resistance but Were Compelled to Fall Back.

LARISSA, May 7.—A dispatch from Pharsalos yesterday describes the battle there which began Wednesday: "A Turkish corps first appeared on the summit of Mount Tekke. From a formidable position on the hillside they attacked the fourth regiment of Evzones about noon. The latter made a strong resistance but were finally compelled to fall slowly back. The Turks then cannonaded and destroyed the village of Ordokni which is about two hours march north of Pharsalos. The crown prince having ordered the entire army to draw up in line of battle, the Greeks numbering 30,000 immediately descended the slopes of Mount Tekke and planted batteries which began to bombard the Greek regiments. Owing to superiority of weight the Turkish cannon inflicted heavy losses upon the Greeks, and especially near the station. The Turks continued to advance until they came into close quarters, and then the crown prince decided to retire to more commanding positions. All the ammunition and supplies have been transported to Domokos, on the heights of which the Greek batteries are prepared for action. The Turks have burned the village of Tafari, and have massacred a priest and the entire family in the village of Dioskani."

**TURKISH ACCOUNT.**

CONSTANTINOPLE, May 7.—A dispatch received here describing Wednesday's battle at Pharsalos says: The Turkish van, after sharp fighting, captured all the positions in front of Pharsalos and thus gained favorable sites for the new

Crapp 12-centimeter nowitzers, which were stationed at Tafari. They threw shells with unerring aim right into the heart of the town. Some fell near the railway station, which was wrecked; others caused fearful damage in the streets and to dwellings, which it was understood the inhabitants had previously abandoned. The Greeks suffered heavy loss. As evening came on it became clear that their position was untenable, and Haidi Pasha's flanking movement has begun to have its effect and the Greeks are already shaken.

**AMMUNITION GAVE OUT.**

LONDON, May 7.—The Daily Mail's correspondent at Pallas, under date of Wednesday, says: "The Greek battalion today attacked the Turks near Philippia. The Greeks fought well, but their ammunition was soon expended and they were compelled to retire. Officers and men in Epirus are bitterly displeased with the headquarters' staff and lately the soldiers have been plundering their comrades' stores. A very unsatisfactory condition of things exists."

**EDHEM PASHA'S REPORT.**

CONSTANTINOPLE, May 7.—Edhem Pasha, the Turkish commander-in-chief in Thessaly, yesterday sent the following dispatch to the minister of war:

The imperial army, while marching to Pharsalos, met the enemy in the villages of Souhathli, Souloji, Turcomani and Lamia. After a severe engagement lasting 15 hours we dislodged them from their positions and advanced to Pharsalos, which the imperial army has just victoriously occupied.

**COLLECTIVE NOTE SENT TO COMBATANTS.**

ATHENS, May 7.—A collective note was handed to the Greek and Turkish governments last evening or will be today, calling upon them to cease hostilities on the distinct assurance that the powers will undertake the final solution of pending difficulties.

**WEATHER.**

Indiana and Illinois—Fair. Ohio—Fair, except occasional showers near the lakes.

**NEGRESS TURNING WHITE.**

Curious Case Perplexing Scientific Men at Ardmore, I. T.

ARDMORE, I. T., May 7.—A case attracting widespread interest in medical and scientific circles is that of Delia Mayfield, a 16-year-old colored girl, living here, who is gradually turning white. Delia's mother is an ebony-hued negress and her father a light colored mulatto. About five years ago white spots began to make their appearance on the girl's body. Her face, neck, arms and hands are spotted, the dark splotches being irregular in form, and the white skin largely predominating. She has regular features, large dark brown eyes, dark brown hair and thin red lips. As the dark skin disappears from her face, it is replaced by a clear pinkish complexion, which any society belle might well feel proud of. If the change in the color of her skin continues as in the past, in less than two years' time she will be entirely white.

**CUBAN WAR.**

Spanish Cruiser Captures Four Lighters Belonging to Cubans.

HAVANA, May 7.—The Spanish cruiser Marie Cristina has captured at the mouth of the Mosquito river, four lighters of American construction. They had apparently been used in the landing of filibustering expeditions. Troops ashore captured 63 boxes of cartridges belonging to the filibusters. The escort of a railroad train running between Tunas and Sancti Spiritus, province of Santa Clara, Monday last, discovered another dynamite bomb on the rails with electric wires connected to it. This opportune discovery saved a passenger train from a most serious disaster.

**FIREMEN NAPPING.**

Emporia (Kan.) Fire Department Goes Up in a Blaze.

EMPORIA, Kan., May 7.—The fire department of Emporia is the laughing stock of the town. While several firemen were in the secondary room playing cards, the keeper of a livery stable across the street discovered flames in the fire department building and called to the boys. The fire alarm was sprung, but before the teams could be got out firebrands were dropping down around the horses, and it was all the men could do to save the engine and hosecarts. The building is a total wreck; fully insured.

**WILL BE APPOINTED SURGE.**

DANVILLE, Ill., May 7.—Judge G. R. Thompson has received word from Congressman J. G. Cannon that his appointment as assistant attorney general is as good as assured. Judge Thompson is a young man who has won an enviable reputation on account of his exceptionally able decisions.

**CASTORIA.**

It is a mother's duty to crown her child with that greatest blessing any human being can possess—good health. This she can only do by taking proper care of herself prior to the child's birth, and especially during the period of gestation. Too few women realize the importance of their own health. Too few understand that the health of the child is dependent upon the vigor and health of the organs of reproduction. A woman who is to become a mother owes it to her offspring to take thought of the most important and delicate organs of her body.

Every woman may be strong and healthy in this respect and insure the health of her child by taking Dr. Pierce's Favorite Prescription. It is designed for the cure of weakness and disease of the organs distinctly feminine. It is the best medicine for this purpose in all the world. More of it is sold than of all other similar medicines combined. Thousands have testified to its beneficial effects. It allays inflammation and restores the organs to their natural, regular, healthy action. It makes the coming of baby easy and comparatively painless.

Mrs. Rachel Clark, of Houlton, St. Croix Co., Wis., writes: "I am in good health since I have taken Dr. Pierce's Favorite Prescription. I have taken three bottles, which cost me one dollar each. I gave birth to a 12½ pound boy last June. He is six months old now, and weighs 20 pounds, and has two teeth. He had no trouble in getting them."

A clear complexion. Any one can have it who keeps the blood pure. Constipation causes impure blood. Dr. Pierce's Favorite Prescription cures constipation. One is a laxative, two a cathartic. Never gripe. Druggists sell them.

**CENTRAL STATE NEWS.**

REV. D. P. SEAREY, pastor M. E. church, Buchanan, Ga., writes Dec. 10, 1895: "In childhood I was afflicted with excessive nervousness, which, almost developed into St. Vitus dance. I partially recovered, but at college it gradually grew worse. Close study aggravated the trouble; any unusual exertion caused trembling all over. In 1880 I had a severe attack of La Grippe which brought on heart weakness. I had been almost constantly under treatment for nervous troubles, and changed climates frequently without avail. Last February I began taking Dr. Miles' Restorative Nervine and Nerve and Liver Pills and since then I have been studying more and working harder than for years and the good effects that have resulted seem to be permanent." MONEY and provisions are being sent out from this country to help the famine stricken people of India.

The people of Indiana generally believe that the waste of natural gas by oil speculators should be prevented.

The citizens of Columbus are exerting commendable efforts to get the state encampment of the G. A. R. to hold its meeting next year in that city. There is no better place for such a meeting.

GEN. WEXLER is said to be gradually establishing peace in Cuba. His methods are heroic and ought to prove effective. When everybody has been massacred or starved there certainly will be peace.

The man who saddles the matter of the county seat relocation on every other question that arises pertaining to the interest of Seymour, becomes an agitator and is not the friend of the removalists he pretends to be.

The selection of Judge W. K. Marshall as city attorney is a good one and will meet the approval of the people. He is an able lawyer and his appointment to succeed Mr. Montgomery will continue the legal affairs of the city in safe hands.

Wool importations continue in enormous quantities despite the retrospective clause of the tariff bill. A recent number of the Manufacturer, published at Philadelphia, says: "Woolen manufacturers as a general thing are well stocked ahead of wants, in some cases for more than a year ahead."

Mr. Cleveland expects that the republican party is going to be so blind to the interests of the people as to follow either his advice or his example in delay in its tariff legislation he must give leaders of the party credit for very little intelligence or very poor memories as to his own performances in that line.

With the repulse of the Greeks at Pharsalos and their evacuation of that town yesterday, perishes the last small remnant of hope which may have been entertained by Greece that she could stay the advance of the Moslem soldiers. The failure of the Greeks to hold their second line of defense at Pharsalos made Velesino likewise untenable, and thus the gallant Smolenski, in spite of the defeat he administered to Turks at that point on Wednesday, was also compelled to fall back.

Nobody ever before suspected Mr. Cleveland of being a humorist. Upon no other theory, however, is it possible to explain his assertion made in his New York speech the other night, that his party "defends the humble toiler against oppressive exactions in his home and invites him to the utmost enjoyment of the fruits of industry economy and thrift." The experience of the "humble toiler" since Mr. Cleveland came to office four years ago will hardly enable him to agree with that gentleman in this statement.—Columbus Republican.

A GREAT deal is being said and written at the present time concerning sugar beet culture in the United States. Beet sugar factories are being built at several points, and farmers are planting sugar beet seeds in many states this spring. It will interest the readers of this paper to know that the Indiana experiment station for nine consecutive years has been engaged in growing sugar beets and studying the adaptability of this state profitable sugar beet culture. The station has demonstrated that Indiana is in the beet sugar producing belt, though the work of 1897 it is hoped will add much to our data on the subject.

## POLITICAL BREVITIES.

James N. Tyner, formerly of Indiana, has been appointed assistant attorney general for the postoffice department.

The bill for a new postoffice building at Indianapolis has been reported favorably by the senate committee. An appropriation of \$1,500,000 is recommended.

Republican State Chairman McCulloch says the result of the town elections Monday indicate that the republicans are in as good if not better shape than last fall.

A special to the Journal from Columbus says: Dr. K. D. Hawley, a prominent physician of this city, has announced his intention of becoming a candidate for congress, to succeed Judge Holman. He is a well known democrat in the district and represented this county in the legislature one term. It is also thought that Wilson S. Swengle, a lawyer here, will be a candidate.

He of the black mustache, "the king of the push," the pioneer free silver editor of Indiana, Allen W. Clark, was in evidence at North Vernon yesterday. He was appointed a member of all the important committees, was on the floor about half the time and in other ways showed that he is the man that the popocrats should send to congress, if they can. He is probably as good a man as the free silver people could nominate.—Columbus Republican.

The gold production of the world has been the subject of some recent investigation by the director of the French mint at the request of the International Institute of Statistics. The report of M. d'Foville shows that the increase in production of gold during the last half of the present century has been something enormous as compared with former periods. The average annual product of silver and gold during the 16th century he puts at 16 million dollars, 23 million dollars in the 17th century, and 39 million in the 18th century. For the first half of the 19th century the annual production of both metals averaged about 45 million dollars, but in the 25 years between 1851 and 1875, there was an enormous increase, the average production being 180 million dollars, two-thirds of which was in gold, while in previous years the proportion as between gold and silver had been about equal. Between 1891 and 1895 the gold production increased enormously, so that the gold production of the world is now about 220 million dollars per annum with the prospect of a further increase during 1897.

Landmark Being Demolished.

INDIANAPOLIS, May 7.—The work of demolishing the old Second Presbyterian church at the corner of Market street and the Circle was commenced yesterday. It is an old landmark, being the church over which Henry Ward Beecher was pastor during his stay in Indianapolis, back in the forties. It will be replaced by a handsome modern building by William E. English. For a long time it has been occupied as a music school.

Short In His Accounts.

INDIANAPOLIS, May 7.—Frank Storey, confidential employe of the live stock firm of Tolin, Totten, Tibbs & Co., has deserted his bride of a few weeks and absconded, it is alleged, with \$700 of his employers' money. He was absent from his desk on Monday, and on Tuesday his wife called at the office to learn his whereabouts. It was then that an investigation was started, which resulted in the discovery of the alleged shortage.

His Back Was Broken.

EDINBURG, Ind., May 7.—Calvin Fultz was removing here from Trafalgar with his daughter when the wagonload of furniture overturned and his little girl, Ida, was caught, a cookstove falling upon her and severely injuring her. In attempting to rescue his daughter, Mr. Fultz was caught by the overturning wagon and, it is reported, his back was broken.

Eastern Indiana Dental Association.

ANDERSON, Ind., May 7.—The Eastern Indiana Dental association yesterday elected Dr. C. N. Thorp of Muncie, president; Dr. Fred Henshaw of Middle-town, vice president; and Dr. H. N. Thompson of Greensburg, secretary-treasurer. The next meeting will be held at Muncie.

Muncie Citizens Hold Policies.

MUNCIE, Ind., May 7.—There are 30 persons here who hold policies in the Mutual Life Insurance company of Indiana, which went into the hands of a receiver at Indianapolis last Tuesday. They aggregate about \$30,000, one-third of which is said to be paid up.

Mrs. Harter Dies Alone.

NORTH MANCHESTER, Ind., May 7.—Mrs. Harter, a widow, living near here, was found dead yesterday by her neighbors, who broke in the door of her house. She lay on the floor face downward. Heart disease is supposed to be the cause. She was 50 years old.

Mount Has Not Decided.

INDIANAPOLIS, May 7.—Governor Mount has not yet decided when he will call the special election in the fourth congressional district. Some republicans desire it postponed till fall and democrats desire it called immediately.

To Test the Law.

ANDERSON, Ind., May 7.—A fund is being raised here by factory employes to test the constitutionality of the law for garnishing of wages. Constables are busier than ever before with bills against men, who believe the law is quite unfair and unconstitutional.

To Succeed Judge Holman.

COLUMBUS, Ind., May 7.—Dr. K. D. Hawley has announced his intention of becoming a candidate for congress to succeed Judge Holman. He is a well known democrat in the fourth district and has represented this county in the legislature.

Accused of Child Murder.

ENGLISH, Ind., May 7.—The preliminary examination of J. C. Hubbard and Emma Sexton, the latter an inmate of the county infirmary, accused of child murder, will be held tomorrow.

## FATE OF FOUR BOYS

Three Drowned In the Ohio and One Fatally Hurt by a Fall.

ACCUSED OF CHILD MURDER.

Frank Wilson Convicted of Brutally Beating and Robbing an Old Man—Lady Found Dead In Her Home—Governor Mount and Holman's Successor—Landmark Being Demolished.

EVANSVILLE, Ind., May 7.—While boat riding yesterday near here two 12-year-old boys, Fred Melchimer and Fred Rumpf, fell into the river and were drowned. Another boy, about the same age, was drowned in the river by falling from some sawlogs. Another boy named Charles Kirvo, 10 years old, fell from a house top and was so badly injured that he cannot recover.

GOLD FEVER.

Morgan Canopy Residents Will Soon Begin Gathering the Yellow Stuff.

MARTINSVILLE, Ind., May 7.—Gold fever has broken out here in earnest. Several men will soon start to washing the yellow metal claiming it exists in paying quantities on Lamb and Sycamore creeks. William Stafford has asked the privilege of washing gold on the farm of Daniel Owens on the shares. Liberty Bowman expects to put a number of men to work on his farm in a few weeks with the most improved machinery. He claims to have known of the existence of gold in paying quantities for the past 15 years.

WILSON GUILTY.

Man Who Assisted In Beating and Robbing an Old Couple Convicted.

GREENSBORO, Ind., May 7.—On the night of Feb. 2 the house of Mr. Framp-ton was entered by burglars and the old gentleman and his wife were bound, gagged, beaten, and left for dead. Frank Wilson, colored, of Muncie and Buck Fears were suspected and arrested. The thieves carried off a sack of money and other articles, a portion of which was found on the prisoners. Yesterday Wilson was convicted of the crime at New Castle.

## THE STUDIOUS GIRL.

An Interesting Letter From a Young Ladies' College.

Race Between the Sexes for Education. Health Impaired by Incessant Study.

The race between the sexes for education is to-day very close. Ambitious girls work incessantly over their studies, and are often brought to a halt, through having sacrificed the physical to the mental.

Then begin those ailments that must be removed at once, or they will produce constant suffering. Headache, dizziness, faintness, slight vertigo, pains in the back and loins, irregularity, loss of sleep and appetite, nervousness and blues, with lack of confidence; these are positive signs that women's arch enemy is at hand.

The following letter was received by Mrs. Pinkham in May, one month after the young lady had first written, giving symptoms, and asking advice. She was ill and in great distress of mind, feeling she would not hold out till graduation, and the doctor had advised her to go home.

College, Mass.

You dear Woman:—

I should have written to you before, but you said wait a month. We are taught that the days of miracles are past. Pray what is my case? I have taken the Vegetable Compound faithfully, and obeyed you implicitly and, am free from all my ills. I was a very, very sick girl. Am keeping well up in my class, and hope to do you and myself credit at graduation. \* \* My gratitude cannot find expression in words. Yours sincerely friend, MARY

P. S. Some of the other girls are now using the Compound. It benefits them all.

Lydia E. Pinkham's Vegetable Compound is the only safe, pure and effectual remedy in such cases, as it removes the cause, purifies and invigorates the system, and gives energy and vitality.

### Coroner's Conclusions.

As was stated in the REPUBLICAN yesterday Coroner Jas. H. Green has been gathering evidence relative to the infant found in vault in south west part of town. Autopsy conducted by the coroner and Dr. Monroe revealed the fact that the child was not still born. Other evidence goes to show that the child's life was taken before it was thrown into the vault.

The coroner is still taking evidence which may yet lead to the apprehension of the guilty parties.

### HANGING AT THE PEN.

Henry Jones Pays the Penalty of Murdering a Fellow-Corrupt.

MICHIGAN CITY, Ind., May 7.—The second hanging that has occurred in the state prison here since the law requiring that criminals should be executed in the penitentiary was passed, took place this morning at daylight. It was that of Henry Jones, colored, for killing a fellow-corrupt. Jones was sent here for shooting a man over a game of "craps" at Indianapolis. Sometime after Jones' incarceration the prosecuting witness was sent up for grand larceny. Jones stole a caseknife from the prison table, sharpened it and while at service one Sunday morning he set behind his victim. Suddenly he arose and reaching over stabbed the man to the heart who was tried for the crime, convicted and sentenced to hang. The prisoner walked to the scaffold apparently indifferent as to his fate, as he appeared at his trial and since his conviction. Jones' neck was broken.

### NEW RAILROAD.

It Will Run From Chicago to the Gulf of Mexico.

KANSAS CITY, May 7.—A new railroad from Chicago to the Gulf of Mexico, passing through Kansas City, is under way. The articles of incorporation have been drawn up and signed by a number of capitalists in Kansas City and towns in Missouri and Kansas who are organizing the company. The articles thus partly signed have just been sent to New York city to be signed by the organizers there. When signed by all interested they will be filed at Topeka for incorporation. J. J. Squier, former president of the Interstate National bank, is one of the incorporators, and will be president of the road. John V. ### Deafness Cannot Be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result and unless the inflammation can be taken out, and this tube restored to its normal condition or hearing will be destroyed forever, nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Hall's Family Pills are the best.

Poisons engendered by food fermenting in a dyspeptic stomach are the direct cause of rheumatism, gout, bronchitis, liver and kidney complaints, asthma, pneumonia and many nervous ailments.

These results are prevented by the use of the Shaker Digestive Cordial, a remedy discovered and prepared by the Shakers of Mount Lebanon, N. Y. It is in itself a food and has power to digest other food taken with it. Thus it rests the diseased stomach and finally masters the worst cases of dyspepsia. It acts promptly and fresh strength and increase of weight soon follows. The first dose taken immediately after eating, abates the pain and distress so dreaded by dyspeptics. Trial bottles—enough to prove its merit—10 cents.

Laxol is the best medicine for children. Doctors recommend it in the place of Castor Oil.
